

Monthly Updates

From novelties in our sales, hardware, and low-voltage businesses to inside news of our internal operations, Kambrian aims to keep customers and partners in the loop. Keep reading to get insights on our latest scoop.

LOW-VOLTAGE:

We are happy to announce that Kambrian Corporation is now pre-qualified to do low-voltage projects for four local government and commercial agencies 1. LACCD - Contract # 1265 2. LAUSD 3. County of LA - TESMA and 4. Austin Commercial. Kambrian also obtained the Electrician Contractor (EC) license in the state of Washington February of 2019. We are very excited to get involved with these projects and we are looking forward to working on future low voltage jobs with the LA federal government.

On other news, we are excited to introduce **Kambrian Electric Inc (KEI)** established in the state of California in January of 2019. Since our founding in 2009, Kambrian's low-voltage operations have served as an essential aspect of our business. In creating KEI, we hope to expand into the electrician trade industry and further strengthen our cabling and electrical capabilities.

FEDERAL:

On the Federal sphere, Kambrian has been making strides obtaining certification in Schedule 70 under Award number #47QTCA19D000A, enabling us to provide our customers with innovative IT solutions and services. Kambrian was also added to a software SIN under schedule 70 during April 2019. In addition, we've also gained new IT contracts, such as GSA as of August of 2018 and a Kodak Scan Service Contract with FAA March of 2019.

STATE OF CA:

The State of California has been one of Kambrian's fastest growing accounts during the

past year. As of January 2019, we've been able to obtain CMAS contract # 3-18-70-3626A and over 10 new accounts, such as The Dept of Social Services, CA secretary of State, and Dept of State Hospitals.

LOCAL GOVERNMENT:

Kambrian is thrilled to announce that as of April 2019 we were selected as an IT Supplier for LAWA's 3-year contract for all IT hardware and software solutions. We are looking forward to provide our customer with our IT expertise and quality service through this 3-year process. On another note, Jacksonville, Florida is now one of our new local government customers! Thank you for joining our family!
