THE NEW OFFICIAL MONTHLY NEWSLETTER FOR KAMBRIAN CORP.

What's New!

We're in The Tar Heel State

Recommitting to LAWA

Making Noise in Illinois

MicroTransit, BigDeal

Connecting LAUSD

We're in The Tar Heel State

Kambrian Corporation recently got Certified as a Diverse Business through the North Carolina's Office for Historically Underutilized Businesses. This acknowledgment by North Carolina's Administrators reaffirms Kambrian's legitimacy as a diverse supplier. We successfully presented all necessary documentation to the State to demonstrate our commitment to economic prosperity, like our intention to expand our physical presence in the form of Kambrian Field Techs and our desire to access more opportunities exclusive to HUB-certified businesses as evidenced by our prior success with DBE status in seven other states.

Recommitting to LAWA IT

Due to the expedient and exacting work of our IT Specialists, Los Angeles World Airports has decided to extend their contract with Kambrian, for us to continue to serve as their sole software reseller.

MicroTransit, BigDeal Field Services

The LA Metro MicroTransit project in Alhambra will be getting some major support from the Kambrian team as we implement a shared network for the Office Staff's communication needs.

Making Noise in Illinois IT

Kambrian won a contract for the State of Illinois' Department of Innovation & Technology pertaining to their licensing needs for Splunk Software. This was made possible due to our stellar reputation among our distributors, as we were referred to this opportunity.

Connecting LAUSD Field Services

Kambrian is excited to manage the Cabling of Wireless Access Points for LA Unified School District's RideZum integration project. Our role will be critical in insuring RideZum, a Student Transportation Platform, has the most relevant information to address Safety & Transportation reliability for LA Students.

This RideZum contract is in addition to our commitment to install and maintain the network for LAUSD, which featured fiber repair jobs at Baldwin Hills Elementary & Mark Twain Middle School addressed this month .
